Tool Trolleys

IN THE SPOTLIGHT. OUR SUPERSTAR. THE NEW TTS93

At STAHLWILLE, we do not make compromises. That is why our latest Tool Trolley model - the TTS93 - includes so many features from the tried-and-tested TTS series.

INTRODUCTORY OFFER

€ 444.00*

Tool Trolleys without tools

100%

All drawers can be extended 100%. Use of STAHLWILLE's standard TCS inlays or the variable drawer dividers ensure easy tool selection and removal.

Oil and acid resistant, smooth-running wheels (Ø 125 mm) with carpet protection to prevent ingress of dirt and fibres into bearings, with two parking brakes.

500 kg

High static load capacity of up to 500 kg. The bottom drawer has a load capacity of up to 45 kg!

Central locking with a cylinder lock and fold-down key. It is not possible to pull out more than one drawer at a time, making them, in effect, topple-proof.

TTS93 incl. 111-pce. set of tools

Starter set for industry, the trades and automotive - with Tool Control System TCS, 111-pce. tool set.

- Comprehensive set of tools, including
- 1/4" and 1/2" sockets (5-32 mm), ratchets + extensions
 - Ratcheting bit-holder and comprehensive set of bits (⊕, ⊕, ⊕, ⊕, ⊕)
 - Combination spanners (6-24 mm), ratchet combination spanners (8-19 mm)
 - Screwdrivers (⊕, ⊕, ⊕), hexagon key set
 - A selection of pliers & cutters and many other tools

€ 699.00*

SOUNDS GREAT THE TTS98VA

Often sampled – never equalled. The STAHLWILLE TTS98VA – a true original that still draws the crowds – whatever the age group. A fine mix of quality and features.

SPACED OUT.

In comparison with the Model 93, Tool Trolley 98VA offers 100% more drawer storage space.

100%

All drawers can be extended 100%. Use of STAHLWILLE's standard TCS inlays or the variable drawer dividers ensure easy tool selection and removal.

Central locking with a cylinder lock and **fold-down key**. **Individual locks** prevent inadvertent opening in transit. It is not possible to pull out more than one drawer at a time, making them, in effect, **topple-proof**.

1400 kg

High static load capacity of up to **1400 kg**. The load capacity of each drawer is up to **40 kg**.

Excellent ride comfort due to oil and acid-resistant, ball-bearing mounted **smooth-running wheels** (ø 125 mm), with carpet protection and **two parking brakes**.

Vehicle repair tools, 27-pce. set

For car mechanics who want more. The Original STAHlwILLE combination spanners in sizes from 6 to 34 mm and the patented FastRatch ratchet wrench. In resilient TCS inlay for storage in the Tool Trolley.

TCS 13/240/21/6 expansion set | Code 96 83 02 13

No	Contents (one off each)
13	Combination spanners, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 21, 22, 24, 27, 30, 32, 34 mm
240	FastRatch ratchet wrenches, 8 mm, 5/16", 10 mm, 3/8", 13 mm, 1/2", 14 mm, 9/16", 17 mm, 21/32", 19 mm, 3/4"

FastRatch ratchet wrenches. The patented solution.

- No need to reposition, thanks to the patented ratchet mechanism.
- Convenient one-handed use, safe working thanks to ergonomically shaped, textured finish.
- The »self-grip function« ensures the required safety factor, prevents the tool slipping off and does not round off the corners of the fastener. Thanks to the integrated locking spring, it will stay where you want it on the fastener even when not under load.

SLIMMER.

Extremely thin-walled rings facilitate work in confined spaces. In addition, the rings are deeper than standard nuts – which prevents the spanner jamming on the nut.

MORE PRECISE.

Our very tight manufacturing tolerances and reproducible dimensional accuracy ensure that one STAHlwILLE spanner is as close-fitting as the next. Our open-jaw and ring spanners will always firmly fit the fastener head.

STAHlwILLE's Kabelex® range.

To release cable connectors quickly and easily – without »cutting them off«. Saves time and money.

€ 469.00*
instead of € 1064.00

Vehicle repair tools, 39-pce. set

Irrespective of whether you need a sturdy hammer, powerful LED torch or precision tools for extracting wires. This 39-pce. set gives you what you need – in a space-saving, well-organised TCS inlay.

NEW
Now with USB data transfer!

SOUND-CHECK » TESTING TESTING « SMARTCHECK

SmartCheck USB

Simple logging functionality. The new SmartCheck USB has all the capabilities of the standard version - and now, thanks to the USB interface, also offers the possibility of reading out the readings stored in the instrument. As a result, the data can also be transferred to an external system.

SmartCheck can easily be adjusted to suit the user's angle of sight. Not only the display but also the display mount and base body can be **rotated through 180°**.

SmartCheck USB can store up to **200 data records** - and includes the date and time stamps.

STAHLWILLE's **logging software** can be downloaded free-of-charge.

STAHLWILLE CheckMaster

The CheckMaster software links the PC and the SmartCheck quickly and easily read out test data from your tester for logging purposes, create test certificates, create a customer database and easily manage the basic settings of your SmartCheck tester.

Data export and optional power supply using the **micro USB interface**.

Mini fine-tooth QR ratchet Mini fine-tooth bit ratchet

418QR | Code 11 11 10 50

With 1/4" drive and a steel handle. Perfectly suited for tight spaces where manageability and efficiency are essential requirements.

418B | Code 11 13 30 30

For bits and screwdriver sockets 1/4", steel-handled. Particularly light working, weighs only 70 g.

No	Contents (one off each)	Number of teeth
415	Ratchet, 1/4"	22
512	Ratchet, 1/2"	36

HPQ HPQ® HIGH-GRADE STEEL
Thin-walled, and yet extremely resilient to loads, and gentle on fastener heads.

FOD FOD COMPLIANT
The screwless tool design protects against foreign object damage (FOD) and provides greater safety in sensitive areas such as aviation.

4.5° 80 EFFICIENT
Eighty teeth provide a ratchet angle of only 4.5° - facilitating efficient working in confined spaces.

AS DRIVE AS DRIVE PROFILE
STAHLWILLE sockets are equipped with the AS Drive profile, which permits high transmission of forces to the flats of nuts and bolts without damaging them.

A GRIPPING PERFORMANCE SPANNERS

- Thanks to the non-slip finish and slim design, these spanners fit snugly in the hand, even when used for long periods of time and when higher forces are applied.
- Particularly close manufacturing tolerances with reproducible dimensional accuracy.

SLIMMER.
Extremely thin-walled rings facilitate work in confined spaces. In addition, the rings are higher than standard nuts – which prevents the spanner jamming on the nut.

LIGHTER.
The thumb groove along the spanner handle eliminates material where there is no stress and concentrates it where there is needed. Similar to the principle of an H-beam in construction, extreme load-bearing capacity and maximum flexural strength are achieved with lower weight.

CONFINED SPACES? GREAT SOLUTION

SENSOTORK® 701 set

Compact torque wrench for small torques from 1 N-m. With permanently installed fine-tooth ratchet with 80 teeth and QuickRelease technology. The perfect compilation with a range of bits and sockets.

- For torques from 1 - 20 N-m.
- Ideal for tightening fasteners in state-of-the-art materials such as plastic, magnesium and aluminium. Like on carbon-frame bicycles.
- The required mode of operation (track, peak hold, fastener evaluation) can be quickly and easily set using the single-button setting system.

701/32/1 | Code 96 09 00 05
