Tested by Professionals

At ROTHENBERGER UK we have a strong and growing community of ambassadors. By actively engaging with end-users, our ambassadors create valuable feedback loops. Their expertise ensures that professionals in the field gain a comprehensive understanding of tool functionalities, promoting optimal usage and problem-solving on social media. This collaborative effort not only enhances user proficiency but also strengthens the community of professionals who rely on ROTHENBERGER tools, creating a dynamic exchange of knowledge and experience in the field.

Become a part of the ROTHENBERGER Bonus Program!

Buy ROTHENBERGER products, collect bonus points and receive great rewards. We are constantly expanding the portfolio of participating products and there is always a new surprise for you in the rewards too, with new rewards being regularly planned.

ROTHENBERGER UK Service Centre

ROTHENBERGER's UK Service Centre has a dedicated team of experts and cutting-edge facilities. The UK Service Center ensures quick repairs and maintenance for lots of ROTHENBERGER products, solidifying the brand's reputation for reliability and customer satisfaction.

01 ONLINE FORM

The first thing you need to do is fill out our online enquiry form. This is the most efficient way to get all the information to the service centre.

Submitted forms will be processed faster than email enquiries.

02 CONTACT

Wait for a member of our service centre to contact you.

The next steps include accepting repair quotations or arranging collection from you if your tool is under warranty.

03 SERVICE & REPAIR

Once your tool arrives with us our dedicated team will begin work.

**SCAN THE
QR CODE
TO GET STARTED**

IMPORTANT - Service enquires received via email will be asked to fill out the enquiry form.

For any other enquires please contact us via email at serviceaftersales@rothenberger.co.uk

PRO-CUT

The next generation...

COPPER TUBE CUTTER

DURABLE SPRING

Strong springs for a reliable and long life.

RUBBERISED GRIPS

Ergonomic directional grips, for ease of use.

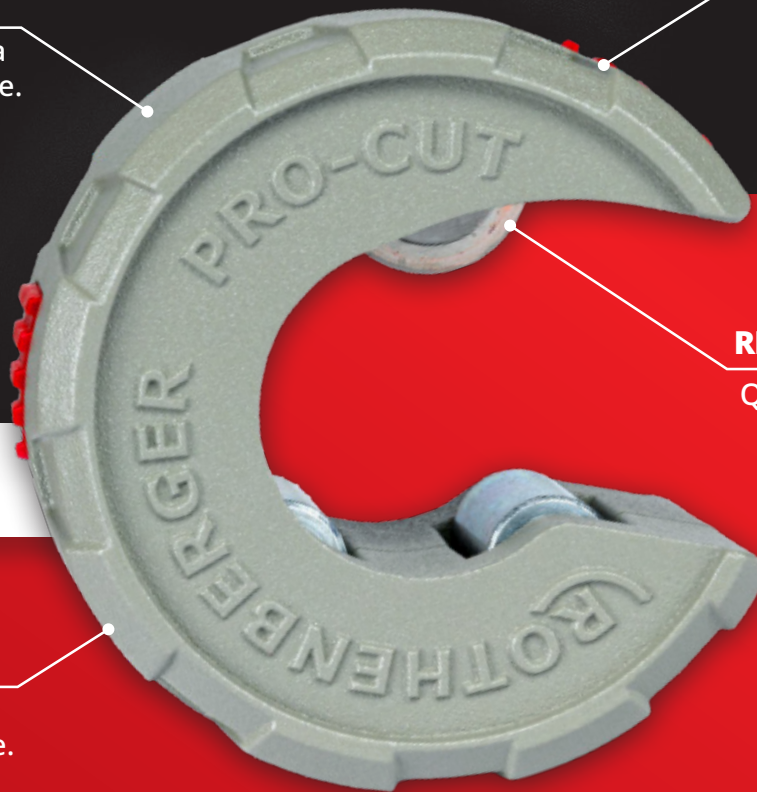

REPLACEABLE BLADES

Quick & easy to change.

ALL NEW

HEAVY DUTY

Metal construction to handle heavy use.

15MM
1/2"

22MM
3/4"

28MM
1"

SIZES AVAILABLE UK & IRELAND

High quality and heavy duty full metal construction.

High performance and long lasting blades, that are easily replaceable.

Comfortable grip including rubberised points for ease of use.

PRO-CUT

Manufactured in the UK with a rugged, full-metal construction, the PRO-CUT is engineered to handle the demands of professional use.

Featuring improved components & replaceable blades, to ensure lasting performance. The ergonomic grip offers comfort and precision.

The PRO-CUT is the next generation; offering power, reliability and precision.

ROCUT 26TC PLASTIC PIPE CUTTER 0-26MM

ROCUT 26 can cut into various types of plastic seamlessly leaving a smooth finish. The instant release mechanism is designed to cut most types of plastic without deforming or squashing the wall of the pipe. PE, PB, PEX, and PVC can all be cut with this intricate cutter.

Product Name	Size	MOQ	Group	Part No.
ROCUT 26TC PLASTIC PIPE CUTTER	0-26MM	1	C	52005

ROCUT 26 MSR, 0-26MM

The ROCUT 26 MSR offers a precise and efficient solution for cutting multilayer composite and plastic pipes with a working range of 0-26 mm (0-1 inch). With this tool, you can cut pipes precisely and effortlessly. The robust design ensures a long service life and reliable performance.

Product Name	Size	MOQ	Group	Part No.
ROCUT 26 MSR, 0-26mm	0-26MM	1	C	1000004324

ROCUT 28 PEX PLASTIC PIPE CUTTER 0-28MM

Direct cut shear suitable for accurate, right angle cuts in a range of plastic pipes including barrier pipe. The ergonomic handle design offers the user increased comfort during use and the broad cutter guide holds the pipe square whilst the V shaped blade cuts cleanly through the pipe, minimising pipe deformation.

Product Name	Size	MOQ	Group	Part No.
ROCUT 28 PEX PLASTIC PIPE CUTTER	0-28MM	1	C	52003R

Cutting Tools

ROCUT 42TC PLASTIC PIPE CUTTER

0-42MM

Instant release mechanism designed to cut almost every type of plastic without deforming or squashing the wall – ideal for professional use on all multi-layer pipes.

Product Name	Size	MOQ	Group	Part No.
ROCUT 42TC PLASTIC PIPE CUTTER	0-42MM	1	C	52000
SPARE BLADE FOR ROCUT 42TC		1	C	52042

ROCUT 50TC PLASTIC PIPE CUTTER

0-50MM

Delivering clean and straight cuts on all common plastic pipes, the ROTHENBERGER Rocut 50TC Plastic Pipe Cutter can be used on tubes with diameters up to 50mm. Its stainless-steel blade with a V-edge ensures precise right-angled cutting without deformation, whilst a meshed cutting curve means minimum effort is required to cut pipes.

Product Name	Size	MOQ	Group	Part No.
ROCUT 50TC PLASTIC PIPE CUTTER	0-50MM	1	C	52010
SPARE BLADE FOR ROCUT 50TC		1	C	52011

ROCUT 63 PLASTIC PIPE CUTTER

0-63MM

Suitable for cutting all common plastic pipes with diameters up to 63mm, the ROTHENBERGER Rocut 63TC Plastic Pipe Cutter's stainless-steel blade with a V-edge delivers clean, straight, right-angled cuts without deforming the pipes. The meshed cutting curve means minimal effort is required to slice pipes.

Product Name	Size	MOQ	Group	Part No.

CUTTER WHEEL FOR AUTOMATIC PLASTIC PIPE CUTTER PL2 & PL3, COPPER		1	C	70057
CUTTER WHEEL FOR PL1, INOX		5	C	70056

ROCUT 42 TWIN CUT

Combines two cutting modes: One-cut function for smaller pipe diameters (0-22mm) making cutting faster as little calibration is required, and for larger, more robust pipe (22-42mm), the shears automatically switch to a powerful ratchet mode. PTFE coated blade reduces force needed for a straight cut, non-slip handles provide good grip, a symmetric reset lever offers comfortable resetting for left and right-handers, and a two stage pipe holder (for pipes 0-22mm and 22-42mm) reduces cutting effort and deformation.

Powerful cutting with the ratchet function.

With the one cut function pipes can be cut 80% faster. You also save time since little calibration is needed.

Innovative mechanism

Shear automatically switches from one to ratchet cut function

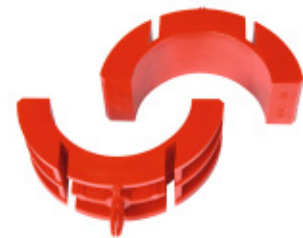

Two stage pipe holder

For pipes 0-20 and 20-42 mm. Less cutting effort, less deformation.

Product Name	Size	MOQ	Group	Part No.
ROCUT 42 TWIN CUT PLASTIC PIPE CUTTER	0-42MM	1	C	1000003011
ROCUT 42 TWIN CUT PLASTIC PIPE CUTTER SPARE BLADE		1	C	1000003104

ROCUT 110 & 160 PLASTIC PIPE CUTTER AND CHAMFERING TOOL

A three-in-one tool system for cutting, chamfering, and deburring plastic pipes in one step. They can also be used to cut pipes without chamfering as the cutter blade shaft may be mounted with a 180° offset. Additionally, the Rothenberger 55020 Rocut 110 Plastic Pipe Cutting & Chamfering Tool offers a continuously adjustable pipe clamping pressure.

SUPERFIRE PRO™

The next generation...

8 INTERCHANGEABLE BURNERS

One torch for multiple applications. Twist 'N' Lock technology allows for quick and easy changing of burners.

CYCLONE BURNER TIP

CYCLONE FLAME

Intense and efficient short flame that wraps around the pipe.

TRIGGER LOCK

Continuous flame. Lock the trigger for a continuous flame and flexible handling.

TRIGGER ON/OFF

Preservation of gas. Releasing the trigger will shut off gas flow.

PIEZO IGNITION

Automatic ignition with one click.

FLAME ADJUSTMENT

Adjust the flame intensity depending on your needs.

HEAVY DUTY METAL BODY

1" US THREAD

For use with ROTHENBERGER gas cylinders.

COOL TIP BURNER*
Remains cold to the touch.
Decreasing the chance of accident or injury.

COOL TIP BURNER

INCLUDED WITH SUPERFIRE PRO™

SUPERFIRE PRO™ INTERCHANGEABLE BURNER TIPS

Take your torch to the next level with our range of eight interchangeable burner tips, each designed for specific tasks. Featuring a Twist 'N' Lock mechanism for quick burner changes and inbuilt filter jets to control gas flow and flame performance. Whether you need precision with our Pin Point Burner or efficient heat output with our range of Cyclone Burners, the **SUPERFIRE PRO™** has you covered. Redefining what a torch system can achieve. Empowering professionals and DIYers alike to tackle any job with confidence and efficiency.

SUPERFIRE PRO™

The next generation blow torch, from ROTHENBERGER UK. Designed with over 140 years of expertise and knowledge. We've meticulously engineered every detail to ensure uncompromising performance.

From eight innovative interchangeable burner tips, to a precision flame adjuster. This torch system offers unparalleled versatility and performance.

Equipped with the renowned Cyclone Flame Burner from the SUPERFIRE 2, along with an upgraded Cool Tip Burner*, included as standard. The SUPERFIRE PRO™ has everything you need straight out of the box.

Take your torch to the next level with our range of eight interchangeable burner tips, each designed for specific tasks. Featuring a Twist 'N' Lock mechanism for quick burner changes. Whether you need precision with our Pin Point Burner or efficient heat output with our range of Cyclone Burners, the SUPERFIRE PRO™ has you covered.

Redefining what a torch system can achieve. Empowering professionals and DIYers alike to tackle any job with confidence and efficiency.

SERIES

Product Name	Burner Tips Included	MOQ	Group	Part No.
SUPERFIRE PRO™	Standard Cyclone and Cool Tip*	1	C	1500004973
SUPERFIRE PRO™ BARE TOOL	None	1	C	1500004974

* IMPORTANT: To maintain minimum tip temperature, the Cool Tip Burner should be operated at full adjustment.

QUICKFIRE PRO™

The next generation blow torch, from ROTHENBERGER UK.

Designed with over 140 years of expertise and knowledge. We've meticulously engineered every detail to ensure uncompromising performance.

The QUICKFIRE PRO™ is designed for those looking for a streamlined professional quality torch. Equipped with an upgraded Cool Tip Burner*, featuring cyclone flame technology that wraps around the pipe for increased efficiency.

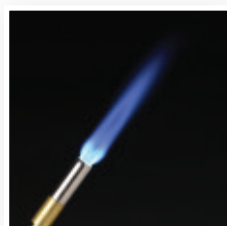

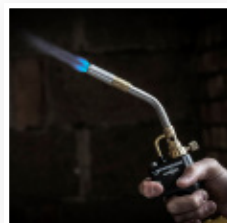

While the QUICKFIRE PRO™ does not offer interchangeable burner tips like the SUPERFIRE PRO™, it excels in providing a straightforward, efficient experience. Perfect for users who value simplicity and effectiveness without compromising on quality.

SUPERFIRE™ 2 TORCH

Super Fire 2 Torch is a market-leading soldering and brazing torch. Fast and effective, the Rothenberger Super Fire 2 Torch delivers a concentrated high-heat, anti-flare, adjustable flame with a powerful turbine flame pattern. The instant piezo ignition ensures the SUPERFIRE 2 Torch will light safely and quickly, including when it is used upside down. Additionally, when fitted with an optional cool tip and filter jet (sold separately), the torch nozzle will remain cool when the SUPERFIRE 2 is on full power.

Hands free lock button

Cool Tip

When fitted with the optional Cool Tip and filter jet (35662) the torch nozzle remains cool when on full power

Adjustable flame control

Fits all cylinders with 1" US thread and other cylinders* with adaptor options
Only use Rothenberger gas, using other gas may affect the torch performance and your warranty

ROFIRE 4 SOLDERING TORCH

Handy, lightweight soft soldering torch which can be used with MULTIGAS 300 or other mixed gas cartridges with a European 7 / 16" screw thread. It is fitted with a stainless steel burner tip which houses a pre-heat element that enables the torch to be used in any position without flaring, even upside down. Precise flame adjustment is achieved using a fine regulating valve control and the torch body is constructed from tough plastic and includes a protective collar which increases stability on the cartridge when in use.

Product Name	MOQ	Group	Part No.
ROFIRE 4 SOLDERING TORCH	1	D	1500002921
ROFIRE 4 SOLDERING TORCH SET C/W MULTIGAS 300 CYLINDER	1	D	1000002359

ROFIRE 4 PIEZO SOLDERING TORCH

With all the features and benefits of the ROFIRE 4, the ROFIRE 4 Piezo is fitted with a high performance piezo ignition unit, reliable for up to 30,000 ignitions. The addition of an ergonomic soft-grip handle with built-in thumb-turn regulating valve gives the user great control and the pre-heat feature allows the torch to be used in any position, even upside down, making the ROFIRE 4 Piezo ideal for a whole range of DIY and professional tasks.

Product Name	MOQ	Group	Part No.

ALL NEW

ROMAX COMPACT III

Bluetooth® Enabled
15-35mm
(40mm Plastic)

Bluetooth® Enabled

Connects the machine with the ROTHENBERGER app.

Report Creation

Create custom reports using the ROTHENBERGER app, including your company logo.

Balanced Design

Optimised weight and size for better machine handling in daily use.

15-40mm Range

15-35mm in Copper
14-40mm in Plastic/MLP.

Push-2-Lock

New Jaw Locking System (spring-loaded knob) allows convenient attaching/detaching of press Jaws.

Remote Locking

Lock the machine using the ROTHENBERGER app.

Health Check

Self check function and service indicator. Also records press history.

Connected Tool: Gain access to your COMPACT III and read out relevant tool & press data via smartphone in real-time.

Optimised design of ROMAX COMPACT III makes all press jobs possible – even in narrow spaces.

With just 2.5 kg of weight, overhead jobs will be effortless even over an extended period of time.

Push-2-Lock system ensures convenient and safe attachment of the Jaw to tool.

Ideally positioned LED bar (2 LEDs) indicates press tool status as well as illuminating the working area.

Create custom PDF reports using the ROTHENBERGER app.

ROMAX COMPACT III

ROMAX COMPACT III is ideally suited for system-compliant pressing of fittings up to 35mm (metal) or 40mm (plastic), even in constrained positions. The ROMAX COMPACT III presses fittings with a piston force of 19 kN and has a press cycle of 3 seconds. Constant pressing force over the complete pressing cycle is guaranteed by Constant Force Technology.

Real-time data acquisition of relevant machine parameters and convenient creation of press protocols directly on site via ROTHENBERGER app by connectivity. The optimised compact design and perfectly balanced weight makes installations easier.

CONNECTED WITH THE ROTHENBERGER APP VIA BLUETOOTH®

The all-new ROMAX Compact III is ROTHENBERGER's first smart press machine with Bluetooth connectivity. Via the ROTHENBERGER app, tool and smartphone can be connected, providing the user real-time access to relevant machine and press data. Additionally, the app allows for easy and quick on-site creation of press protocols with smart logic, as well as reading the current maintenance status of the tool.

Compatibility iOS 8.1 or higher, Android 4.0 or higher

ROMAX 4000

Electro-hydraulic battery powered press machine for pressing of fittings up to 110 mm (Plastic) with 32 - 34kN force. The machine offers a three second press cycle, and weighs only 3.6kg. It can press from 12mm to 110mm (system dependent), and is powered by the powerful 18v 4.0Ah Li-Ion CAS interchangeable battery platform.

Large range

Up to 54mm metal or 110mm plastic.

High Power

240 presses per battery charge on 28mm fittings.

High Performance

18v Li-ion 4All battery platform, 2.0Ah or 4Ah available.

Safety Lock

Prevents unintentional opening as 180° rotation is required.

Service Indicator (2 Year)

Gives visual service warning of 40,000 press cycles.

PRESS RINGS AND ACTUATORS

The high-quality Press Ring sets with different profiles have been specially designed and developed by ROTHENBERGER for pressing applications on metallic piping systems (copper, steel, stainless steel) as well as on plastic piping systems. With these Press Ring designs, users are ideally equipped to press fittings in complex situations.

2-stage locking

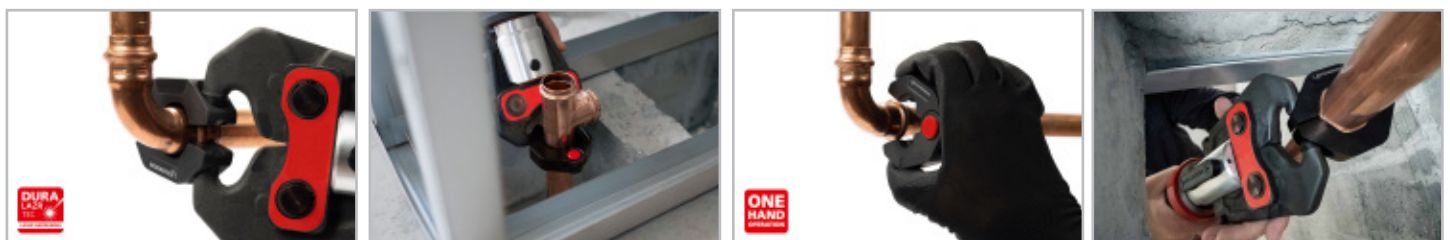

Comfortable attachment of the press ring with only one hand (one-hand operation).

DURA LAZR TEC

100% more press cycles thanks to laser hardening, compared to previous models.

180° swivel

Enables step-less positioning from machine to press ring.

PRESS JAWS AND RINGS

ROGRIP M WATER PUMP PLIERS

This new generation range of professional water pump pliers have been designed to deliver up to 30% more grip, compared to previous models, with the 10" pliers having a working capacity of 2".

The ROGRIP M range is available in both 7" & 10" and both sizes are available with either the single colour standard soft-grip handles, or the new 2 colour version.

Product Name	Size	MOQ	Group	Part No.
ROGRIP M WATER PUMP PLIERS STANDARD GRIP	7"	1	C	1000002697
ROGRIP M WATER PUMP PLIERS 2 COLOUR GRIP	7"	1	C	1000002698
ROGRIP M WATER PUMP PLIERS STANDARD GRIP	10"	1	C	1000002699
ROGRIP M WATER PUMP PLIERS 2 COLOUR GRIP	10"	1	C	1000002700

ROGRIP F WATER PUMP PLIERS

With all the features of the ROGRIP M pliers the ROGRIP F range has the added benefits of the push button Safety Lock System which allows 50% faster adjustment and prevents unintentional opening or closing when in use.

The ROGRIP F range is available with standard single colour grips or the wider 2 colour grips which offer increased comfort and better power transmission.

Product Name	Size	MOQ	Group	Part No.

ROFAST PLIER WRENCH 10"

The ROFAST 10"-2K pliers wrench can be used in many ways, whether for gripping, holding, bending or as an open-end wrench set from 0-52mm. Plan-shaped jaws for gentle opening or tightening of high-quality screw connections. Gripping capacity increased by +20% due to curve shape design as well as knob for quick size adjustment. Always a secure and firm grip with the 2K handles.

Product Name	Size	MOQ	Group	Part No.
ROFAST PLIER WRENCH 2K	10"	1	C	1000003390

SANIGRIP WASTE PLIERS 10"

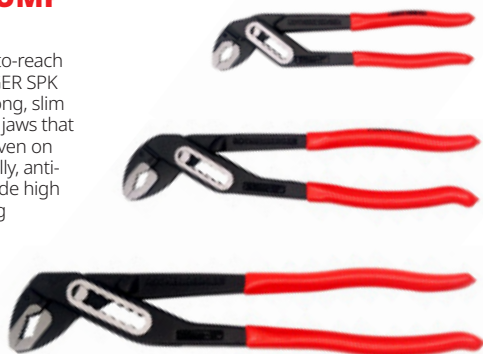

With 4 position jaw adjustment up to 62mm capacity. Ideal for waste traps and waste backnuts.

Product Name	Size	MOQ	Group	Part No.
SANIGRIP WASTE PLIERS	10"	1	C	70415

SPK WATER PUMP PLIERS

Suitable for use in hard-to-reach areas, the ROTHENBERGER SPK Water Pump Pliers are long, slim pliers with self-clamping jaws that provide a non-slip grip even on smooth pipes. Additionally, anti-slip plastic handles provide high grip safety when working with water and oil.

Product Name	Size	MOQ	Group	Part No.

ELECTRICAL PLIERS RANGE

All new range of professional electrical pliers and wire cutters which have been certified to EN/IEC 60900 and tested to 1000v. These precision pliers are manufactured from oil hardened tool steel and have forged steel jaws. A titanium coating protects against corrosion, increasing the life of the tool. All pliers are supplied with 2 colour soft-grip, non-slip insulated handles with built-in tool lanyard hooks. Wave profile blade provides anti-slip on wire. Cutting range for soft wire 6mm Ø.

E-DETECTOR (90-1000V)

Contactless voltage detector that clips onto the handle of all the ROTHENBERGER electrical pliers via the lanyard hooks. Simply switch the unit on and a clear, white LED will light up, illuminating the workspace. Move the handle of the plier towards the area to be tested and if a live current of between 90–1,000v is detected, two red LEDs will illuminate.

NOTE: The E-Detector is ideal for visual testing, but for verification of a live-circuit a 2 pole voltage tester (in accordance with EN6 1243-3) should be used.

Product Name	MOQ	Group	Part No.
E-DETECTOR (90-1000V)	1	D	1500003374

ADJUSTABLE WIDE JAW WRENCHES

Hot forged from chrome vanadium steel to industrial standard specifications. This wrench has a smooth, accurate size adjustment. Non-slip ergonomic soft grip handles deliver a positive grip during use. They are supplied with removable soft-grip jaw protectors which prevent damaging chrome or polished surfaces.

Product Name	Size	MOQ	Group	Part No.

OLIVE SPLITTERS

No more costly damage to pipes. The ROTHENBERGER 15mm Olive Splitter's high-leverage design makes for easy operation and minimal exertion. More reliable and accurate than a hacksaw or olive puller. The pliers multiply your hand force by 15 resulting in less cutting effort and with a reliable return-spring handle action.

Featuring high-quality steel cutting blades, hardened and tempered to HRC 45 for a long-lasting and reliable sharp edge. Zinc-plated handles with soft plastic grips make for added comfort and ease of use. A must-have time and money saving tool.

Made to last

With a robust construction and rust-proof

Fast, Reliable

Damage free

Multiplies hand force

15 times more force for less cutting effort

Easy to use

Remove a compression olive, ring of ferrule without damaging the pipe.

DRY DIAMOND CORE DRILL SET 42, 52, 65, 117, 127MM

Set incorporates the most commonly used plumbing and general building sizes, ideal for hand basin waste overflows, shower and bath waste pipe, tumble dryer vents and boiler flues. Set Comprises:

- 42-52-65-117-127mm cores
- 3 Jaw Chuck Adaptor
- 3 Jaw 200mm Extension
- SDS Chuck Adaptor
- SDS 200mm Extension
- A-Taper Guide Rod
- Drift Key Lockable Aluminium Tool Case

1/2" Thread Connection

1/2" BSP female thread accepts all makes of dry core accessories.

Dust Removal

Slotted barrel enhances dust removal and aid release of drilled material.

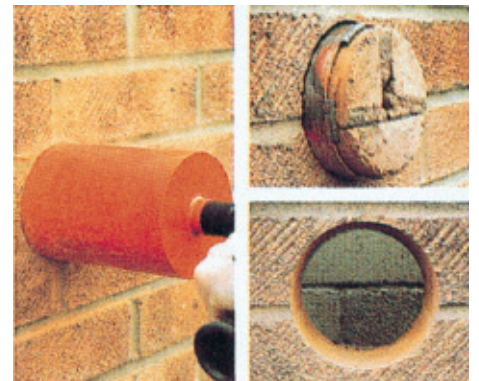

Developed for the UK

Diamond segment bond developed exclusively for UK building materials.

Product Name	Size	MOQ	Group	Part No.
DRY DIAMOND CORE DRILL SET	42, 52, 65, 117, 127MM	1	A	89020

DRY DIAMOND CORE DRILLS

Can be used with any standard or rotary SDS electric drill. All core bits have a 1/2" BSP female thread and a full 7mm diamond segment height.

Product Name	Size	MOQ	Group	Part No.
DRY DIAMOND CORE DRILL	22MM x 300MM	1	D	89000
DRY DIAMOND CORE DRILL	28MM x 300MM	1	D	89001R
DRY DIAMOND CORE DRILL	38MM x 150MM	1	D	89003R
DRY DIAMOND CORE DRILL	42MM x 150MM	1	D	89002
DRY DIAMOND CORE DRILL	52MM x 150MM	1	D	89004R
DRY DIAMOND CORE DRILL	65MM x 150MM	1	D	89005R
DRY DIAMOND CORE DRILL	78MM x 150MM	1	D	89006R
DRY DIAMOND CORE DRILL	107MM x 150MM	1	D	89007R
DRY DIAMOND CORE DRILL	117MM x 150MM	1	D	89008
DRY DIAMOND CORE DRILL	127MM x 150MM	1	D	89009
DRY DIAMOND CORE DRILL	152MM x 150MM	1	D	89010

**DRY DIAMOND CORE DRILL SET
SPARE PARTS**

**IN BOTH A & B
BUT NOT SOLD
SEPARATELY**

**A STANDARD 13MM
3-JAW CHUCK ADAPTOR**

Replacement part for the diamond core drill set. Benefits from high-quality manufacture for long-term reliability.

Product Name	MOQ	Group	Part No.
STANDARD 13MM 3-JAW CHUCK ADAPTOR	1	D	89012

**B SDS+ CHUCK ADAPTOR
CORES 32-158MM**

Replacement part for the diamond core drill set.

Product Name	MOQ	Group	Part No.
SDS+ CHUCK ADAPTOR	1	D	89014

**C CENTERING ROD
FOR CORE DRILLS**

Replacement part for the diamond core drill set.

Product Name	MOQ	Group	Part No.
CENTERING ROD FOR CORE DRILLS	1	D	89015

**D DRY DRILLING EXTENSION
ROD HEX**

Replacement part for the diamond core drill set, benefiting from high-quality manufacture for long-term reliability.

Product Name	MOQ	Group	Part No.
DRY DRILLING EXTENSION ROD 250MM (STANDARD)	1	D	89017

**E A-TAPER MASONRY
PILOT DRILL (10 X 200MM)**

Replacement part for the diamond core drill set.

Product Name	Size	MOQ	Group	Part No.
A-TAPER MASONRY PILOT DRILL	10 X 200MM	1	D	89021

**F DRY DRILLING EXTENSION
ROD SDS**

Replacement part for the diamond core drill set, benefiting from high-quality manufacture for long-term reliability.

Product Name	MOQ	Group	Part No.
DRY DRILLING EXTENSION ROD 250MM (SDS)	1	D	89019

**G SDS FITTING FOR
CORE DRILLS**

Replacement part for the diamond core drill set.

Product Name	MOQ	Group	Part No.
SDS FITTING FOR CORE DRILLS	1	D	89016

**H DRY DRILLING EXTENSION
ROD**

Used for extending the drilling depth of dry diamond cores. Connects to hexagonal and SDS Plus dry diamond core adaptors. Made from premium grade steel and plated for high strength. 1/2" FEMALE TO 1/2" MALE

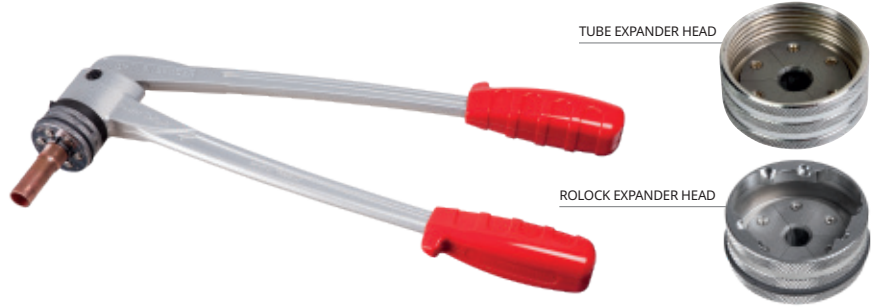

Product Name	MOQ	Group	Part No.
DRY DRILLING EXTENSION ROD 250MM	1	D	1500004741

Expanders and Extractors

ROBEND 4000 E

Ideal for those working in the plumbing, refrigeration, and air conditioning sectors, the ROTHENBERGER Robend 4000 E Cordless Pipe Bender can bend copper, stainless steel, carbon steel, and multi-layer composite pipes up to 180°. Patented ROLUB technology delivers better gliding of the bending shoe ensuring deformation and ripple free bending.

Curved ROLUB Bending shoe

Bending without deformation or ripples due to less friction

Powerful 18V battery

For up to 60 bends (28 mm x 1.5 mm copper pipe)

Lever for forward and fast backward gear

For faster working

Forged aluminium segments

Stable bending segments with bending angle scale

TRIPOD INCLUDED*

*Tripod not to scale, for illustrative purposes only. See image at the top of the page for true representation.

SUPERTRONIC 2000 E BASIC DEVICE WITH PIPE CLAMP

Supertronic 2000 E Cordless Pipe c is a portable electric pipe threader that can be used to create R1/4"-2" pipe threads according to EN 10226 on steel pipes (DIN EN 10255 M-H). Delivering a high, constant power transmission at full load.

Tool-less Speed-Lock die head mounting

For a fast and fixed connection

Off-set die head mounting

Threading possible even close to walls

DuraEasyCut

Optimized geometry for reduced effort of up to 20% for person and machine

Powerful 18V battery

For cutting up to 8 threads (2" BSPT) with only one battery load (Li-Power 18V / 4.0 Ah)

Easy switching from forward to an even faster reverse

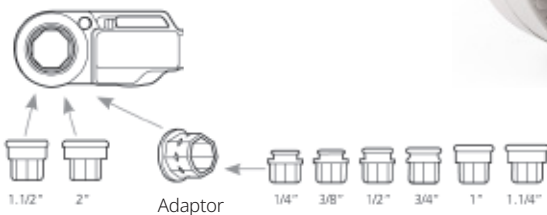

For working more efficiently

ROPOWER 50R PIPE THREADER

Ropower 50R Pipe Threader is a compact and powerful pipe cutting, reaming, and threading machine with pumped oiling and easy-change die heads and dies. It delivers fast and reliable thread cutting, cut to length, nipple cutting, deburring, and roll grooving. Featuring a type-R cutting head (automatic with integrated oil supply), the single-speed ROTHENBERGER Ropower 50R Pipe Threader is supplied with two jaw sets 1/2" - 3/4" and 1" - 2". Finally, this low-maintenance pipe cutter and threader's lightweight, mobile transport base, which can also serve as a work table, enables easy transportation across and between work sites. Ideal for mobile work on construction sites.

Modular system concept

Universal die head adaptor, optional in standard or automatic models

Dual-sided tool guide sled

Precise guiding of the die head

Finely controlled propulsion

Tool / guide sled propulsion via turnstile

Optimal lubrication & cooling

Sturdy oil pump with high flow power and adjustable fluid quantities, filter system and integrated oil feed

Easy to clean

Large shavings collection tray made of plastic

Product Name	Voltage	MOQ	Group	Part No.
ROPOWER 50R PIPE THREADER & TROLLEY	110V	1	B	56045
WHEELED TRANSPORTER TROLLEY FOR ROPOWER 50R		1	B	56051

SUPERTRONIC 3SE PIPE THREADER

Delivering complete tube preparation and finishing, the ROTHENBERGER Supertonic 3SE Pipe Threader is suitable for fast and reliable threading, cutting to length, nipple cutting, deburring, and grooving. It offers universal die head mounting (standard or automatic), precise die head guidance, as well as low-wear and accurate slide guidance and fast axial alignment of the pipe. Further to this, the impact hammer chuck eliminates pipe slippage. Delivers burr-free operation.

Product Name	Voltage	MOQ	Group	Part No.
SUPERTRONIC 3SE PIPE THREADER 1/2"-3"	110V	1	B	56253
SUPERTRONIC 3SE PIPE THREADER 1/2"-3"	230V	1	B	56250

SUPERTRONIC 4SE AUTO PIPE THREADER

Compact powerful pipe cutting reaming and threading machine with pumped oiling, easy-change die heads and dies and low maintenance requirements. Dual Speed (22/50 rpm), 1/2"-4" BSPT, automatic oil feed, complete with two automatic die heads and three sets of dies, pipe cutter and reamer, set of 4 legs

Product Name	Voltage	MOQ	Group	Part No.
SUPERTRONIC 4SE AUTO PIPE THREADER 4"	110V	1	B	56475
SUPERTRONIC 4SE AUTO PIPE THREADER 4"	240V	1	B	56465

SUPERTRONIC THREADING MACHINE DIE HEADS AND DIES

For Supertronic machines and Asada, Piset and Panda machines.

PURE H2O DEMINERALISATION CARTRIDGES

With the new PURE H2O demineralization cartridges from ROTHENBERGER, standard-compliant filling of heating systems in accordance with VDI 2035 is quick and uncomplicated. Installers can use the cartridges during new installations and servicing to remove harmful minerals from the filling water.

Easy and standard approved filling of any heating system with required technical water Plug and Play system of the cartridge regulates all relevant parameters to fill the system according to the standards for easy installation No additional devices are needed to monitor the sufficient quality of technical water during filling Current consumption of the cartridge is displayed with the help of the high quality colour change ion-exchange resin

Easy monitoring of the process without additional tools

Screw cap for easy opening and installation

Available in sizes S/M/L and as a set in size S incl. Wall bracket and filling hose

RP 50 DIGITAL

Pressure tests with water on pipe systems in residential and commercial buildings and in industrially used tanks (up to 30bar).

Warp-resistant and lockable lever

Ergonomic handle serves as carrying grip.

Digital pressure sensor for measurements up to 30 bar

Wireless read out of the test data via Bluetooth® and creation of digital test protocols and visualisations of pressure curves.

TWIN VALVE system

Two valves for double safety while testing the system.

Additional pressure gauge with fine scaling 0.1 bar optional

Enables very precise readings up to a range of 16 bar (No. 61316).

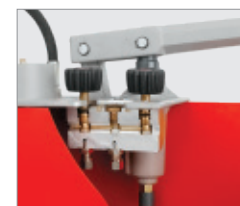

Product Name	Max. Pressure	Capacity	MOQ	Group	Part No.
RP 50 Digital	30 Bar	12L	1	A	1000004000

RP50 PRESSURE TEST PUMP

Pressure tests with water on pipe systems in residential and commercial buildings and in industrially used tanks (up to 60 bar).

Double valve system

Product Name	Max. Pressure	Capacity	MOQ	Group	Part No.
RP50 PRESSURE TESTING PUMP	60 Bar	12L	1	A	60200
RP50 PRESSURE TEST PUMP REPLACEMENT HOSE			1	A	R6112500
RP50 PRESSURE TEST PUMP REPLACEMENT GAUGE			1	A	61315
RP50 PRESSURE TEST PUMP REPLACEMENT SEAL KIT			1	A	61309

TP25 PRESSURE TESTING PUMP

The compact design of the TP25 Hydrostatic Pressure Testing Pump offers the installer a handy solution for pressure testing in confined spaces. It has an epoxy coated galvanised steel tank that comes with a 7-litre capacity. The pump has a 1.20-metre hose with an R1/2" BSPT connection and testing can be monitored on the in-built gauge. The pressure build-up can be precisely readjusted with the double valve system. Thanks to the weather-resistant and cold-resistant DURAMANT coating, an extremely long service life is guaranteed.

Product Name	Max. Pressure	Capacity	MOQ	Group	Part No.
TP25 PRESSURE TESTING PUMP	25 Bar	7L	1	A	60250

RP30 PRESSURE TESTING PUMP

Compact pump ideally suited to domestic pipework testing including underfloor heating systems. Maximum Pressure 30 bar (420 psi). Tank Capacity: 4.5 litres. Connection: R1/2" BSPT.

Product Name	Max. Pressure	Capacity	MOQ	Group	Part No.
RP30 PRESSURE TESTING PUMP	30 Bar	4.5L	1	A	61130
REPAIR KIT FOR RP30 PRESSURE TEST PUMP			1	A	61160

RP PRO III ELECTRIC TEST PUMP

A compact and portable unit for rapid and accurate testing of pipework and systems up to 40 bar in one operation.

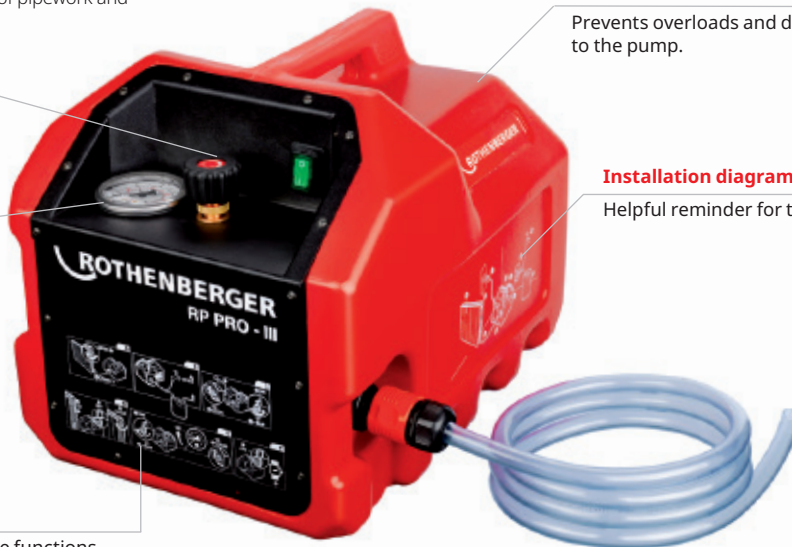

Valve for pressure adjustment
Precise labelling on handle.

Glycerine pressure gauge
Easy for the user to read during high dynamic alternating loads.

Function overview
Direct overview of the functions.

Thermal automatic shutdown
Prevents overloads and damage to the pump.

Installation diagram on unit
Helpful reminder for the user.

Product Name	Voltage	MOQ	Group	Part No.
RP PRO III ELECTRIC TEST PUMP	230V	1	A	1000001123
RP PRO III ELECTRIC TEST PUMP	110V	1	A	1000001117

PRS10 CLOSURE PLATE TAPE (50MM X 25M)

PRS10 Closure Tape – gas fire closure plate tape, conforms to British Gas PRS10 specifications.

Product Name	Size	MOQ	Group	Part No.
PRS10 CLOSURE PLATE TAPE	50MMx25M	1	A	67089R

U-FLOW WATER FLOW CUP

This innovative design flow cup is simple and easy to use. The cup is calibrated in both gallons/minute and litres/minute. The clear to read calibrated scales show flow rates of 1-5 gallons and 4-22 litres/minute.

Product Name	MOQ	Group	Part No.
U-FLOW WATER FLOW CUP	1	D	67055

SILICONE LUBRICANT

A multi-purpose lubricating grease ideal for preserving and lubricating rubber parts. The resilient nature of spray is ideal for use with uPVC, push-fit soil, waste, drainage, and underground discharge.

Product Name	Size	MOQ	Group	Part No.
SILICONE LUBRICANT SPRAY	400ML	1	D	67050
SILICONE LUBRICANT GREASE	500G	1	D	67051

DRAIN DOWN HOSE (10 METRES)

Natural, non kink rubber drain down hose. Ideal for use on heating systems, vessels and tanks. The 1/2" bore x 3/4"Ø x 10 metre hose can be used on both hot or cold water and is supplied with a thumbscrew hose clip.

Product Name	Size	MOQ	Group	Part No.
DRAIN DOWN HOSE	10 METRES	1	D	67091r

CONTINUITY BOND WITH CROCODILE CLIPS

Conforming to BS6231 type CK 120cm Continuity Bond with Crocodile Clips.

Product Name	MOQ	Group	Part No.
CONTINUITY BOND WITH CROCODILE CLIPS	1	D	67001R

HEAVY DUTY CONTINUITY BOND

120cm Heavy Duty Continuity Bond with insulated 25mm Ø opening jaws. Flexible 10mm multi-strand cable rated at 150A conforms to current Gas Safety Regulations.

Product Name	MOQ	Group	Part No.
HEAVY DUTY CONTINUITY BOND	1	D	67094

U-GAUGE MANOMETER

Made from durable plastics the standard U-gauge manometer is a popular tool for tightness testing of gas pipework and also for checking and setting domestic and commercial appliances to the correct gas pressure. New improved design and features include: Velcro strip for hanging option, keeps U-gauge at eye level for ease of reading. Magnetic strip allows U-gauge to be attached to boiler cabinet casing during use. Scratch resistant clear facing. To be used in conjunction with rubber hoses (67017R and 67018R) and a gas pressure testing kit (67015).

Product Name	Size	MOQ	Group	Part No.
STANDARD U-GAUGE MANOMETER 30MB	12"	1	C	67060
STANDARD U-GAUGE MANOMETER 60MB	24"	1	C	67064

MANOMETER FLUID

Sufficient amount to fill a 48" U-Gauge. The coloured liquid is designed to provide a clear visual reading level every time. The anti-freeze additives ensures it's suitable for use in all weather conditions without fear of breaking your manometer.

Product Name	Size	MOQ	Group	Part No.
U-GAUGE MANOMETER FLUID	60ML	1	D	67074

U-GAUGE HOSE (2 METRES)

A 2 metre long rubber hose for use with a U-gauge Manometer.

Product Name	Size	MOQ	Group	Part No.
RUBBER HOSE	2M	1	D	67017R
NEOPRENE HOSE	2M	1	D	67018R

KIBOSH PIPE REPAIR TOOL

The quick, easy and professional way to temporarily repair a burst or perforated 15mm or 22mm water pipe. Easy closing single handed action requires no tools. Simple and safe to use KIBOSH will work on hot water pipes and has been tested by BSI to 10bar so is capable of containing mains water pressure.

Product Name	Size	MOQ	Group	Part No.
KIBOSH PIPE REPAIR TOOL	15MM	1	D	80007
KIBOSH PIPE REPAIR TOOL	22MM	1	D	80012

PTFE GAS TAPE (PACK OF 5)

Developed especially for the gas industry, 33% thicker than standard PTFE tapes. Conforms to BSEN751/1/2/3 Type Gases. Can be used on natural gas, town gas and LPG.

Product Name	Size	MOQ	Group	Part No.
PTFE GAS TAPE	PACK OF 5	1	D	67104

GAS PRESSURE TESTING KIT

For pressurising and testing gas supply pipes kit. Includes a 3-way testing tee, 200mm hose, hand pressure pump and is to be used in conjunction with a U-gauge manometer.

Product Name	MOQ	Group	Part No.
GAS PRESSURE TESTING KIT	1	D	67015

DRY PRESSURE TEST KIT 0-6 BAR

Ideal for when pressure testing pipe systems and vessels with water is not possible or desirable. This kit gives a quick and accurate reading of pressure and can be used with an electric pump as well as a car or bicycle pump via the schrader valve.

Product Name	Bar	MOQ	Group	Part No.
DRY PRESSURE TEST KIT	0-6	1	D	67105

ECONOMY WATER PRESS GAUGE 0-10 BAR

The gauge has rubber boot for protection during use and transportation. 0-10 bar, 0-50 psi 3/4" BSP tap connector.

Product Name	Bar	MOQ	Group	Part No.
ECONOMY WATER PRESS GAUGE	0-10	1	D	67025

WET PRESSURE TEST KIT C/W GAUGE & PROTECTIVE BOOT

Professional water pressure tester with large steel cased gauge with protective rubber boot. Braided hose is WRAS approved and is supplied with 3/4"-1/2" reducer for increased applications.

Product Name	MOQ	Group	Part No.
WET PRESSURE TEST KIT	1	D	67071

PRESSURE TEST NIPPLES

Reusable test nipples for routine maintenance. 1/8" BSP. Pack of 3.

Product Name	MOQ	Group	Part No.
PRESSURE TEST NIPPLES	1	D	67016

PROFESSIONAL AIR LOCK KIT

Easy to use bespoke kit designed to remove airlocks from domestic water and heating pipework installations. Kit Contains: 6 metres of 10mm reinforced hose, 2 x rubber tap connectors to 10mm tail, 2 x finger tightening jubilee clips, 1 x 1/2" male union adaptor, 1 x 1/2" brass double check valve (hose tail x female) for mandatory use with potable water. Set supplied in handy carrying holdall

Product Name	MOQ	Group	Part No.
PROFESSIONAL AIR LOCK KIT	1	D	67069

INVERTIBLE DUSTING SPRAY 150ML

Invertible Dusting Spray (150ml) for removing dust and debris from boilers and confined spaces

Product Name	Size	MOQ	Group	Part No.
INVERTIBLE DUSTING SPRAY	150ML	12	D	67052

WD40 450ML C/W SMART STRAW

Protects metal from rust and corrosion. Penetrates stuck or jammed parts, displaces moisture, and lubricates just about anything.

Product Name	Size	MOQ	Group	Part No.
WD40 C/W SMART STRAW	450ML	12	D	67054

ROTEST LEAK DETECTION FLUID

This fluid is reliable in detecting leaks in joints, appliance connections, and gas cylinders.

Product Name	Size	MOQ	Group	Part No.
ROTEST LEAK DETECTION FLUID	1 X 120ML BOTTLE	1	D	67003
ROTEST LEAK DETECTION FLUID	50 X 120ML BOTTLE	1	D	67004
ROTEST LEAK DETECTION FLUID	250ML ATOMISER	1	D	67048
ROTEST LEAK DETECTOR AEROSOL SPRAY	400ML	12	C	65000
ROTEST CONTRACT LEAK DETECTOR SPRAY	400ML	12	C	65001

DIGITAL THERMOMETER

Versatile battery powered thermometer with a wide measuring range from -50°C to +200°C (-58°F to +392°F). Incorporates a maximum and minimum alarm facility whereby the unit will "bleep" when a value set by the operator is exceeded.

Product Name	MOQ	Group	Part No.
DIGITAL THERMOMETER	1	D	67039

PLUMBERS PUTTY

Non-setting, waterproof putty with many applications in the plumbing and pipework field. Ideal for sealing socket joints on WCs and bidets and is suitable for bedding in of toilets and sanitary ware.

Product Name	Size	MOQ	Group	Part No.
PLUMBERS PUTTY	750G	1	D	67026

GLASS ROPE

Asbestos free twisted glass rope used for sealing in areas subject to high temperatures such as boilers, flues and ovens etc.

Product Name	Size	MOQ	Group	Part No.
GLASS ROPE	6MM x 5M	1	D	67075
GLASS ROPE	10MM x 5M	1	D	67076
GLASS ROPE ADHESIVE	45ML	1	D	67077

FLUE CLEANING BRUSHES

Set of 3 nylon bristle flue cleaning brushes – ideal to reach into difficult areas or recesses – comprising of a 5/8" Round, 2" Flat and 2" Round Brush

Product Name	MOQ	Group	Part No.
FLUE CLEANING BRUSHES	1	D	67078

IDENTIFICATION TAPES

Laminated finish for a superior appearance.

RO 458S FLUE GAS ANALYSER KIT

Measures CO, CO₂, differential pressure and temperature, tightness and room CO tests. Ideal for when installing & servicing domestic oil & gas appliances or to conduct combustion performance or efficiency checks. Features an easy to use rotary dial, 6 line display, fitted with RFID tag, and encased with protective rubber boot. Also comes with probe, IRP-2 printer, pressure connectors, USB charger, handy quick reference guide and analyser calibration certificate. Purge pump protection prevents accidental damage to CO sensor. Hydrogen (H₂) ready - up to 20% blend, wireless module for connectivity to smart devices as standard. Data hold, log and print to IRP-2 printer to produce test reports. Supplied in ROCASE for storage & easy transport.

Product Name	MOQ	Group	Part No.
RO 458S FLUE GAS ANALYSER KIT	1	D	1000003353

RO 258 FLUE GAS ANALYSER KIT

Ideal for testing differential temperature, combustion performance and efficiency checks. Measures O₂, CO and differential temperature. Kit includes analyser, probe, IRP-2 printer, USB charger, quick reference guide and analyser calibration certificate. Supplied in ROCASE for safe storage and easy transportation.

Product Name	MOQ	Group	Part No.
RO 258 FLUE GAS ANALYSER KIT	1	D	1000003349

ROTEST ELECTRONIC 4 GAS LEAK DETECTOR

Combustible gas leak detector, housed in protective casing and black rubber boot. Comes with flexible goose neck with solid state semi conductor sensor and tip light, features both audible tic rate and visual multi-coloured LEDs for easy indication, and supplied within robust ROCASE for safe storage and easy transportation. Powered by 2 x AA alkaline batteries.

ROFROST II R290

The ROFROST Turbo R290 is the first device from ROTHENBERGER to work with the refrigerant R290. It is available in a 1.1/4" and a 2" version. This allows installers to freeze heating pipes and water pipes in a future-proof, environmentally friendly and cost-saving manner. Particularly flexible hoses make it easy to work even in hard-to-reach places. The ROFROST app shows installers the minimum freezing time so that they can work safely and economically. The ROTHENBERGER ROFROST pipe freezing system is suitable for copper, stainless steel and steel pipes and is ideal for maintenance, repair and expansion work in plumbing and heating installations.

Product Name	Insert Reducer Sizes	Clamp Size	MOQ	Group	Part No.
ROFROST II R290 2"	12mm, 14/15mm, 18mm, 22mm*, 28mm, 35mm, 42mm	2"	1	BX	1500004196
ROFROST II R290 1.1/4"	12mm, 14/15mm, 18mm, 22mm, 28mm, 35mm	1.1/4"	1	BX	1500004195

*Inserts marked red must be stacked with 42mm insert to fit within the clamp head

ROFROST TURBO 28MM 230V

The all new ROFROST Turbo 28 is the latest addition to the Pipe Freezing programme and has been specifically designed for rapid and reliable freezing of domestic pipework. Covering all domestic pipe sizes with alloy adaptors for 8-10-12-15-22mm with the master freeze clamp fitting directly onto 28mm pipe. Copper, plastic composite, steel and stainless steel (1/4"-1 1/4") can also be frozen using the ROFROST 28 but freezing times will vary when freezing materials other than copper. The master freeze clamps have been engineered to sit flush with the wall and fit behind standard pipe clipped pipes making the machine ideal for both maintenance and emergency repair work.

Simple clamping system

For use even in confined spaces

Heat conductive paste

Enables freezing without continuous spraying of the pipe

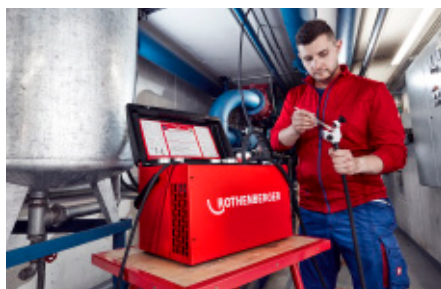

Compact design

Tough powder coated metal case with soft-grip handle makes the machine highly mobile and ideal for service work

Wide application area

A range of pipe sizes can be frozen using the supplied pipe inserts

The use of heat conductive paste guarantees optimal freezing

Compact freeze clamp design allows the pipe to be frozen—even close to the wall

RODRUM VARIO CLEAN

A compact drum machine for clearing blockages in pipes with diameters between 40mm and 100mm, the Rothenberger Rodrum Varioclean Cordless Drain Cleaning Machine is ideal for HVAC businesses, caretakers/janitors, and drain cleaners. The Rothenberger Rodrum Varioclean Cordless Drain Cleaning Machine can be tailored to suit the application as it features three speed levels (unblocking, cleaning, and clean spinning) for addressing different types of blockages. The flexible DuraFlex spirals with galvanisation move into the removable, interchangeable drum during the return. The drum can be swapped without tools allowing you to adjust the Rothenberger Rodrum Varioclean Cordless Drain Cleaning Machine for different pipe diameters easily, as well as conveniently transport the machine between work sites. Furthermore, Varioclean electronics prevent the drum from running on for a long time. Finally, the Rothenberger Rodrum Varioclean Cordless Drain Cleaning Machine is powered by a CAS battery system enabling safe, wireless, mobile working even in areas without a power supply.

R600 VARIO CLEAN

Ideal for plumbers, caretakers/janitors, and pipe cleaners, the Rothenberger R600 Varioclean Cordless Drain Cleaning Machine can be used to clear blockages in sewage pipes with diameters up to 150mm. Featuring three-speed levels for unblocking, cleaning, and clean spinning, the Rothenberger R600 Varioclean Cordless Drain Cleaning Machine can be adapted to suit the type of blockage. It is compact, lightweight, and battery-operated ensuring that it is suitable for use both inside and outside including in areas without a power supply.

RODRUM M AUTO FEED

The RODRUM M & L are the all new, versatile and practical drain cleaning machines with automatic spiral feed for pipes and drains of 70mm–250mm Ø (3"–10") making it ideal for domestic, public and small commercial pipework. Versatility is achieved by utilisation of two interchangeable spiral drums which can be loaded with 13mm–16mm or 20mm spirals and quickly changed on site without tools, to optimise the cleaning power of the spirals and tools. The RODRUM features a powerful 400w motor and a patented spiral autofeed mechanism with built in tension release lever which prevents damage to the motor or spiral should the spiral „bite“ during use. The robust machine weighs 45–68kg depending on which drum and spiral combination is fitted, but has been fitted with solid rubber transportation wheels and a handle mounted roller which helps with the loading of the machine and allows the machine to lay on its back when being used on vertical runs, e.g. chimneys and soil stacks. Maximum working range on horizontal pipe runs: 30m with 13mm spirals, 45m with 16mm spirals, 60m with 20mm spirals.

ROCAM MINI HD MODULE 25/22 HD

Full-HD and TrueColor for fast and accurate analysis. 22 m cable for more independence. Optimized cable stiffness and head geometry to pass up to six 90° bends (50 mm tubes)/three 90° bends (40 mm tubes). Integrated Bluetooth® module for connecting headphones to add voice recording. Wi-Fi module for perfect connection between smartphone and ROCAM MINI HD. With the help of the app, the entire gallery of the ROCAM MINI HD can be accessed and shared directly. Livestream function via app to share the screen with the customer for a professional appearance.

Waterproof housing
Enables working on roofs, even in the rain

Compact Ø 25 mm head
Covers an application range from Ø 40–110 mm

7" Full-HD Touch screen
For intuitive operation and direct documentation with damage catalogue directly on the device

App functionality
Full functions for live streaming and easy data sharing via iOS and Android

22m reel
For inspecting pipelines of multi story family houses

ROCOOL 600

For commissioning, maintenance work and documentation of refrigeration systems of all kinds Modular system: The basic device can be fitted with the optional Red Box incl. The Data Viewer software for reading out or recording data on a PC. More than 80 refrigerants incl. R32 and R744 (sub-critical) are stored in the device. New refrigerants can be added later using the update function Simultaneous calculation of superheat and subcool The documentation software Data Viewer generates an automatic report based on the data recorded. Ideal for handing out to the customer (client) An external Pirani vacuum probe allows reading of the vacuum where the most precise measurement is possible: directly at the refrigeration system

Connection for the temperature sensor T2

For automatic measurement of subcool data

Green and red LEDs

An optical signal is displayed once an adequate vacuum level is reached or leakage in the system and also a warning of overpressure

Connection of the Red Box

To record data for up to 96 hours and independent read out of data at a PC

Connection for the external vacuum probe

For very precise measurement of the vacuum level directly at the refrigeration system

Pressure sensors "Made in Germany"

Precise measurement from -1 to 60bar

T-connection with Schrader valve 1/4" SAE

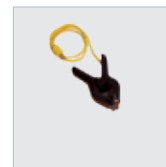

3-way function: Evacuation and filling without changing a hose

Y-connections 1/4" SAE

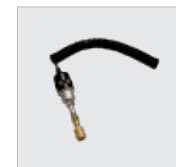

A connection and sealing plug in one. Simple transport of hoses when not in operation

Temperature sensor for a pipe diameter of up to Ø32 mm

External vacuum probe for very precise measurement of the vacuum

ROAIRVAC CORDLESS VACUUM PUMP

A battery-driven, two stage vacuum pump with integrated magnetic valve maintains a vacuum even when the battery has gone flat. It's compact and light-weight design makes this machine easy to transport and highly durable. Housed in high-quality casing, components are protected whilst transported from van to site. Powered by CAS battery giving up to 90 mins on one charge, the cordless R32 is much stronger than comparable wired vacuum pumps. Featuring a Gas Ballast Valve, water vapour is reduced within the oil container to guarantee increased evacuation power and service life. A special filter also works to reduce oil mist on exhaust vent. Available in 2.0 CL and 5.0 CL cordless option.

ROWELD P160 SANILINE MACHINE

Ideal for installers, the Rothenberger Roweld P160 Saniline Sanitary Plastic Tube Welding Machine is a compact instrument with an electric trimmer and electrically controlled heating element with a safety guard. The heating plates can be removed and used separately if required. It clamps all common sanitary fittings and pipes securely including 90° bends and 45° branches. Optimised force distribution ensures the Rothenberger Roweld P160 Saniline Sanitary Plastic Tube Welding Machine is highly stable. Furthermore, precise force adjustment minimises drag force and the trimmer unit is protected against unintentional starting and derailing.

ROWELD P160 SANILINE MACHINE C/W TROLLEY	1	B	54004
ROWELD P160 SANILINE MACHINE IN STEEL CASE	1	B	1000002968

TOOLS FOR LIFE

TOOLS FOR LIFE have created a network of organisations and local partners in selected regions, which has built several educational facilities and water supply networks in recent years and continues to operate and maintain them to this day.

2023
ROTHENBERGER
 sent 3 plumbers
 to Senegal.

Thanks to their
 help, 300 students
 can now use
 sanitary facilities
 and toilets.

2025
 We want to send 6
 plumbers back to
 Senegal and
**we need
 your help**

How can you help....

Visit us at a trade show or catch one of our sales reps on a demo day this year for great deals where 100% of your money goes to the TOOLS FOR LIFE charity Senegal fund.

CONDITIONS OF SALE - 1. CONDITIONS – All goods are sold subject to these conditions which shall prevail over any conflicting conditions sought to be imposed by a customer. **2. CONTRACT** – Publication of our price list constitutes an offer, and the placing of an order is deemed to be an acceptance of that offer. The resulting contract is subject to these Conditions of Sale. **3. PROPERTY** – Property in goods shall not pass to the customer until the whole of the purchase price of all goods supplied has been paid: notwithstanding a customer may re-sell goods as a principal on conditions that, so long as part of the purchase price remains due to us, the customer shall account to us for the proceeds of such re-sale to the extent of the amount outstanding and shall hold such proceeds as trustee. Until all monies outstanding from the Buyer have been paid the Seller has the right to enter the Buyer's premises or any other premises on which it reasonably believes the goods are being held for the purpose of the retaking possession of the goods in such premises to the value of the amount outstanding, firstly applying goods supplied by the Seller. All Promotional/Point of sale equipment supplied on free of charge loan basis remains the property of the Seller at all times and may be repossessed at any time. **4. RISK** – Risk shall not pass at the same time as Property in the goods, but shall pass at the time of delivery in accordance with our Terms. **5. SPECIFICATION** – We reserve the right to alter, without prior notice, the specification of any goods listed in the catalogue. **6. PART DELIVERIES** – We reserve the right to make part deliveries against any order and to invoice all such at the time of despatch. Such invoices will be payable notwithstanding that the balance of the order has still to be delivered. **7. DELIVERY** – Delivery of all orders will be made as early as practical, or as close as practical to customers' requirements. Notwithstanding any delay, however, orders will remain valid and binding. **8. CANCELLATION** – Cancellation of any order, or part of any order, will be accepted only with our prior consent. **9. RETURN OF GOODS** – Goods may only be returned with our written consent. On such return they will be credited at the invoiced price less 25% handling charge. Consent will not be given to return goods made specially to order. **10. GUARANTEE** – Our products are guaranteed for 12 months against defects in material or workmanship, subject to fair and proper usage. Any articles claimed to be defective will be repaired or replaced free of charge if, when returned to us carriage paid, examination confirms such defect, we reserve the right to repair tools or replace defective parts only, rather than replace the complete article. Customers are not authorised to make replacements of our products without prior approval by us. **11. LIABILITY** – Subject to the foregoing guarantee, all warranties express or implied, conditions, undertakings or representations, however imposed are hereby expressly excluded. We will not be responsible for consequential loss, damage or any other liability, howsoever arising. **12. LEGAL CONSTRUCTION** – These Terms and Conditions shall be construed according to the law of England, and all sales subject to them shall be deemed to have been made in England. **TERMS - Please see accompanying Rothenberger Price List for full terms.**

New Products

Rothenberger's 2025 lineup features exciting innovations, including a new range of drilling equipment, AMPShare batteries powering our cordless tools, the durable PRO-CUT for precision pipe cutting, and the versatile SUPERFIRE PRO with 8 burners.

These products showcase our commitment to quality, efficiency, and meeting the evolving needs of professionals.

We connect people
with water and energy.
Safe. Sustainable.
